## 1926 ☞ PRICE LIST ☞ 1926

WE are pleased once more to be able to greet our old friends and customers of the past twenty-one years, and thank them for the trust and support they have given us. We have prepared for them, as well as our new friends, a new colored catalogue which we are glad to present, together with a complete price list to cover all items contained therein.

We trust our friends will carefully look over our book and if in need of items listed, we have enclosed an order blank, as well as self-addressed envelope, for their convenience. Should any desire further information as to the stock in general, or the growing thereof, we will gladly give such communications our personal attention.

### WE ARE RELIABLE

Before our new customers consider placing an order with us, we want them to know something about the people they are dealing with. Our nurseries were established over twenty years ago in the very heart of the *Great Michigan Fruit Belt*. Since that time we have been supplying the trees and plants for most of the largest growers of fruit in this part of the state.

We have millions of fruit-bearing trees in this county alone, as well as the thousands shipped to all parts of the country. Our stock is the very best obtainable and reliable in every respect. In connection with our nurseries we operate one of the largest retail FARMERS' SUPPLY STORES in the Middle West.

*Members American Association of Nurserymen  
Members Michigan Association of Nurserymen*

**No Charge For Packing**—All of our orders are filled with carefully selected stock, inspected for quality and packed in DAMP material to insure delivery to the most remote sections in good condition. WE MAKE NO EXTRA CHARGE FOR PACKING AND ALSO PAY ALL PARCEL POST, FREIGHT OR EXPRESS CHARGES when total amount of order is paid in advance.

**Advantages of Cash With Order**—Customers who pay cash in full for their order at time of purchase are entitled to 10% of their order in additional nursery stock which will be included in their orders without charge. On these orders we also pay packing and transportation charges. Customers may take a cash discount of 5% where no additional stock is desired.

**Other Shipments C. O. D.**—When it is not possible for customers to send the total cash for their orders, we will accept same with but  $\frac{1}{3}$  of the amount in cash with order and the balance to be payable at time of delivery, C. O. D.

**Our Guarantee**—We guarantee stock to reach customer in proper transplanting condition. Any stock proving otherwise, will, upon proper proof, be promptly replaced free of charge to customer. ALL CLAIMS FOR ERROR OR DAMAGE TO STOCK MUST BE MADE IMMEDIATELY UPON RECEIPT OF SHIPMENT.

**Fall or Spring Shipment**—Our fall shipping season usually opens about October 25th and continues to December 1st. The spring shipping season continues from March 15th to June 1st. Do not fail to specify when you would prefer shipment of your order.

**Quantity Rates**—Five or more trees are counted at ten rate. Twenty-five or more at 100 rate. Two hundred fifty or more at 1000 rate.
